Jacobean Rhapsodies By Sherry There are a lot of ways to incorporate the designs in this book. You can use them individually for smaller projects, or combine them for larger quilts, wall hangings, etc. I have begun working on one smaller design and am very happy with the outcome this far.

This volume contains 28 applique designs, adapted from the Jacobean embroidery style, to embellish quilts, clothing

and home decor items. Ten quilt projects are included, and help is provided with choosing appropriate fabrics, and strategies for achieving colour and contrast.
