**Jane Packer : Jane Packer's Flowers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jane Packer's Flowers:

Eminent florist Jane Packer, who has earned fame and praise for her creative and inspiring designs, reveals her art of combining textures and shapes to produce glorious floral displays for diverse interiors and special occasions. There's an enticing mood and style for every season and every reason. City presents strong, contemporary flowers in vibrant colors that capture urban energy, spirit, and daring. In Country, the arrangements have a soft, natural feel that suits a relaxed, down-to-earth lifestyle. For serenity and simplicity, look to the Sea, awash with pale blues, grays, and creams, and for outdoor living dip into Garden's eclectic mix of ideas. From a winter mantelpiece laced with ivy, fruits and candles to spring's cheeriest daffodils in a sunny yellow vase, to coral pink amaryllis juxtaposed with seashells in a glass tank, you'll uncover decorations brimming with flair and grace. Practical tips ensure even beginners can fashion each wonderful design.
