From Brand: DH Publishing : Japanese Movie Billboards: Retro Art from a Century of Cinema before purchasing it in order to gage whether or not it would be worth my time, and all praised Japanese Movie Billboards: Retro Art from a Century of Cinema:

1 of 1 people found the following review helpful. Fascinating side-light to art history By Jessica Salmonson A lovely slim volume that perfectly captures a lost art form, fascinating as art history, advertising history, and cinema. This'd be a spectacular gift for any friend who is a Japanese film fan, but could well have broader interest as well.
