**Jeffrey Jones : Jeffrey Jones Sketchbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jeffrey Jones Sketchbook:

4 of 5 people found the following review helpful. Mainly For Jones CollectorsBy David AdamsJeff Jones is one of my favorite fantasy artists. I especially love his impressionistic oil paintings shown on the cover of this Sketchbook. However, all of the art inside the covers is rather sketchy pen and ink work interesting mainly to collectors of Jones. The real plus of this one is the long interview (2000) with George Pratt , a 20-year friend. A much better buy, in my opinion, is THE ART OF JEFFREY JONES, as it contains more of his better works.

Beautiful pen and ink sketches by renowned artist Jeffrey Jones, with a sprinkling of his painted work interspersed throughout. Interior is black and white, with rich color dust-jacket. Compiled with the help of George Pratt and David Spurlock, with an intro by Michael Friendlander. Includes a conversation with Jeffrey Jones and George Pratt.
