What a treasure trove! I find myself constantly inspired when I pull it down and look through it; though I have not completed the exact projects within it, the designs and techniques are wonderfully adaptable to other Christmas projects and it's wonderful. Thank you so much!1 of 1 people found the following review helpful. beautiful bookBy FanI bought this book back in 2012 from here Great Book you will not be disappointed. I am not a pro at all but I will be able to accomplish these pictures. The paints used are Folk Art paints so if you use Americana or Ceramcoat you may need lookup on line threw their web site or buy a color conversion book on like I did.either way a great book to have on hand1 of 1 people found the following review helpful. JoyousBy UFO QueenAnother full-colour book, which is always a great pleasure to see. The detailed

instructions are accompanied by colour pictures - always a joy for a not-so-confident painter doing it without a teacher to hand. Such lovely Christmas designs with a casual and relaxed feel to them. Funnily enough, Mrs Clause reminds me of Shrek's Fiona, but it's a nice kind face. A really lovely book to add to your collection. I'm looking forward to painting them for this coming Christmas (2012).

With these nine step-by-step projects from renowned decorative painter John Gutcher, readers will learn how to paint their favorite Christmas themes on everything from glittering ornaments to albums.

About the Author John Gutcher is one of the most popular and beloved artists and teachers in the decorative painting field. He has appeared as a guest artist on the TV series "Home Decorating Workshop" and on the PBS series "Perfect Palette." He was a featured artist in Best of Decorative Painting and has been published in all the decorative painting magazines, including Decorative Artist's Workbook.
