**Annabel Austen : Julie's World of Flowers: How to make easy flower arrangements** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Julie's World of Flowers: How to make easy flower arrangements:

This is a how to book written for fun. Annabel Austen's detective, Julie, is a keen flower arranger and runs a small floristry business when she's not busy solving murders. In this book you can learn how to recreate some of Julie's

decorations, and, in keeping with Julie's own philosophy, simplicity and economy are at the heart of everything!
