**Paula Nadelstern : Kaleidoscopes and Quilts** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaleidoscopes and Quilts:

41 of 43 people found the following review helpful. Can that be fabric?By Susan BischoffEver think that you'd like depart from traditional patchwork and make an art quilt that will make people gasp? Open this book. The quilts photographed in this book are amazing. And the idea seems so simple, once it's broken down for you in painstaking detail. You'll learn about selecting a collection of fabrics for kaleidoscope quilts, and how to look at them and create patterns for your own kaleidoscopes. No two need ever be alike.1 of 1 people found the following review helpful. AmazingBy Kindle CustomerI am a quilter from way back and I have not seen the likes of this book since. I still can't put it down as I am constantly awed by the beauty of such quilts and best of all they aren't all that hard to make. This is my favorite book for intermediate quilters and advance.3 of 3 people found the following review helpful. Love this

book. By Karen R. Voelkell was looking for a challenge; and this is definitely that. It is fascinating to study Paula's kaleidoscopes and discover the different fabrics she used in each triangle. Her instructions are excellent; very detailed. I learn something new each time I read it. It is definitely challenging to find the fabrics, decide which ones flow together by motif or color, and to decide the shapes of the pieces for each fabric you use. I am very happy to have this book.

Important Note about PRINT ON DEMAND Editions: You are purchasing a print on demand edition of this book. This book is printed individually on uncoated (non-glossy) paper with the best quality printers available. The printing quality of this copy will vary from the original offset printing edition and may look more saturated. The information presented in this version is the same as the latest edition. Any pattern pullouts have been separated and presented as single pages. If the pullout patterns are missing, please contact ct publishing.
