Full of helpful coloring hintsBy BevGVery beautiful adult coloring book and has lots of helpful coloring hints.0 of 0 people found the following review helpful. Another fun and lovely coloring book from Krisa Bousquet!By K.K.Absolutely gorgeous art on each coloring page of females with botanical hair and backgrounds. If you love coloring the female face and form and also love botanical coloring, this coloring book will please you no end! There is also tons of hints and techniques on shading, blending, and layering with your coloring tools provided by this generous author as well as providing some pages in the beginning of the book which have been colored by other colorists, describing which coloring tools they used. These examples are included in the book for you to color as well. There are tons of pages to color, tons of helpful hints and techniques to learn from, and the fun of seeing how others like yourself have chosen to color some of this art work. I bought three of Krisa

Bousquet's books and I love each one. There are no repeat designs in each book I am happy to say. The paper is medium weight white, with each design printed on one side only. I have been successful using gel pens and colored pencils with no bleed through. This is not a review in exchange for a product. I bought all 3 coloring books with my own money and it was money well spent in my humble opinion. 0 of 5 people found the following review helpful. Five Stars

Fun coloring book

This relaxing coloring book will take you to a delightful world of beautiful blossoms and delicate damsels, ready for easy or advanced coloring depending on your mood. Full-color examples of finished pieces will get you inspired to pick up your coloring tools. Each design is printed on one side only of archival-grade, acid-free, 200-year paper. Perfect for coloring with markers, colored pencils, watercolors, or gel pens, each perforated page detaches easily for gifting or display.

About the Author
Social media trendsetter Krisa Bousquet started drawing her magical illustrations as a simple way to pass the time. But drawing quickly grew from hobby to obsession as her art grew more complex, detailed, and refined. As the creator of KC Doodle Art with thousands of followers on Instagram and her popular YouTube channel, Krisa's biggest influences are the world around her especially flowers, nature, and the human face.
