Greta Hammond, Angelia Wigginton : Kick It Up!: Adding Spice to Your Scrapbook Layouts before purchasing it in order to gage whether or not it would be worth my time, and all praised Kick It Up!: Adding Spice to Your Scrapbook Layouts:

2 of 2 people found the following review helpful. One of the best! By Vanessa S. One of the BEST layout books. We all worry about spending \$15 or more on a book, wondering if it's worth it...this one is. I took a chance, and I'm SOOO glad I did. This takes already great pages and gives them the "Emeril" treatment-BAM! AMAZING pages! It's almost like getting a double book. The original finished pages, and then the SPICED version. This shows how something so simple as changing the letter font, or placement of title makes a huge difference. On some pages they completely change everything in the layout to make room for more pics, or more journaling, or just simply draw your attention to a focal point. A really great book. I reference it, along with my other books regularly. You won't be disappointed! I'm taking mine to Staples to have it made spiral-bound. That's the icing on this cake! 4 of 4 people found the following

review helpful. Highly recommended
By A. Moreno
Both authors of this book are very inspiring. I love their scrapbooking style, designs, and ideas. They both are very talented. The book does a great job in showing techniques in embellishment, journaling, design, and typography. I gained a lot of insight into how to create an awesome layout. The pictures are large and clear enough to see details. The descriptions of the layouts are easy to understand and follow. There is a good variety of subject matter that is scrapbooked from events to daily life. There are a lot of ideas to gain as well as homemade embellishments to add to your own pages. I highly recommend this book to scrapbookers of all levels.
0 of 0 people found the following review helpful. Spicing up the pages
By J. Isaacson
I'm always looking for something to spice up my scrapbook pages. This book is a great help although I would say it is more for beginners. I would highly recommend Kick it Up for 1st and 2nd year scrapbookers. It will certainly be helpful, a nice addition to my collection but not as great as I expected. Is there an advanced addition? I definitely got my money's worth.

Spice Up Your Layouts!
Ordinary scrapbook pages get the job done, but why stop at good when you can Kick it Up!?
Get ready to infuse your layouts with a bit of spice and take them to the next level.
