I would like to see a little ...By Benny DogoodA little bit repetitious and rambling in areas, but over all filled with good information. I would like to see a little more detail on techniques and less verbose dialog leading up doing the actual work. Over all a very good book.2 of 2 people found the following review helpful. A great resource for more advanced fusing techniquesBy Annie the Glass LadyThis book has a lot of detailed information on fusing - maybe enough that it would be overwhelming for a beginner - and is a great resource. It also has an abundance of images to illustrate techniques, which is very helpful. It's a great addition to a glass fuser's library.0 of 0 people found the following review helpful.
