From Brand: Sixth Spring Books : Knit.101: The Indispensable Self-Help Guide to Knitting and Crochet (Vogue Knitting) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Knit.101: The Indispensable Self-Help Guide to Knitting and Crochet (Vogue Knitting):

1 of 1 people found the following review helpful. Good Basics By AliDear This is a great basic book for some simple knitting projects. It isn't my favorite how-to on knitting as the projects weren't very inspiring to me. I bought it for my daughter thinking it had some trendy projects, but it was too simple for her ability level. 1 of 1 people found the following review helpful. This book is okay, but not anywhere does it ... By E. Frost This book is okay, but not anywhere does it tell how to cast off! How strange is that for a beginning book? 9 of 9 people found the following review helpful. Great Gift By Terry Broberg-Swain I purchased this book as a gift for my mother-in-law. She had

checked it out of the library and used it extensively to help reacquaint herself with knitting. She found the book easy to use and extremely helpful. She can't praise it enough.

Its cool, its chic, its got right-from-the-beginning instructions, and features both knitting and crochet in equal measure: Knit.101 is like no other guide on the market. Geared to 1835 year-olds, this fun manual, with its sassy tone and witty writing, will grab this fast-growing group of new stitchers. Even those who have never before touched needles and yarn will easily follow the detailed directions, which explain everything from winding up the skein of wool and making a slipknot to casting on, purling, and binding off. Reading charts and schematics, doing basic stitches, getting the right yarn tension, understanding gauge, sizing to fit, fixing the inevitable mistakes all the fundamentals are covered in clear language and in a logical progression. But you'll also find unique features on recycling yarn, lotions to soothe cracked and dry hands, knitting happenings and cyber-groups to join, and even songs to keep you in stitches as you work.
