**Debbie Tomkies : Knit Stitch Dictionary: 250 Essential Stitches** before purchasing it in order to gage whether or not it would be worth my time, and all praised Knit Stitch Dictionary: 250 Essential Stitches:

1 of 1 people found the following review helpful. Lots of new stitches to choose from!By Howe's it going?I have enjoyed learning new stitch patterns from this book. I like the color photos and that the yarns are all different colors that display the patterns. The only think I wish is that this was spiral bound so it would lay flat while you are working from it. It is awkward to hold it open while trying to follow the pattern. I am not a memorizer, especially of the ones that have more than three repeated rows, so I have to follow along in the book so spiral would be nice. I have found

that all the patterns I've tried have been accurate and have worked out just fine. There are clear instructions for multiplying the patterns. 4 of 4 people found the following review helpful. Great Knitting Book By H2OLvr This is a great book for beginning and intermediate knitters that need help interpreting patterns or developing their own. I use it frequently to interpret stitches in new patterns. The photographs are great and the book includes a glossary of terms, including how to interpret knitting in the round and graph patterns. 2 of 2 people found the following review helpful. Three Stars By lavenderlady Lots of great stitches but the print size is very small and hard to read.

A colorful go-to reference for all knitters featuring 250 essential knit stitches. Get ready to spice up your knitting! Every knitter needs a good stitch dictionary, and this volume is perfect for new and experienced knitters alike. Knit Stitch Dictionary offers 250 knit stitches, from simple knit-purl combos to fancy textured, color, and lace stitch patterns. Knowing that not every knitter works in the same way, this indispensable guide has both written and charted instructions that clearly explain how to knit each stitch. Knit Stitch Dictionary is divided into sections including: basic knit and purl stitches; eyelets and lace; cables; traveling and twisted stitches; bobbles, puffs and clusters; slip stitches; chevrons, ripples and waves; tucks and ruffles; and colorwork patterns. A photo glossary at the back of the book offers a candy box view of all the stitch patterns, allowing you to instantly choose the ones that strike your fancy. Knit Stitch Dictionary will be a go-to reference that you'll reach for again and again!

"I really love this book! Here are a few reasons. The organization is fantastic, such an improvement over older stitch dictionaries. The Table of Contents, first of all, is divided into categories such as knit and purl stitch patterns, eyelets and lace, tucks and pleats, etc. Best of all, it is organized visually so you get a small thumbnail picture of each stitch right in the Table of Contents, so you can leaf through and quickly identify what you might be looking for. It's also fun to just open pages at random and browse, and find new and interesting stitches to try. It includes both written and charted instructions. It doesn't address knitting in the round however." --Knit and Travel and Such
