I find some projects a little complicated and needing too much extra stuff to make happen. I thought the whole purpose was too use up extra yarn stash, not have to buy more stuff to make stuff! 1 of 1 people found the following review helpful. Highly recommend By Jamie W. Saphow This was pretty great and it's nice if you have yarn around and don't want to do needle art, necessarily.

Are you a knitter, crocheter, crafter, or none of the above? This clever book gives yarn lovers both knitters and non-knitters alike 50 fun ways to use their stashes without taking out their knitting needles. The projects are easy and simple, but with a modern aesthetic that manages to be both sophisticated and inviting. Get your hot glue gun fired up, adhere some pompoms to an old office chair, and make the most ho-hum seat in your house into a cozy piece of pop art furniture. Or treat your neck to a stylish infinity scarf. All you need is some bulky yarn and the ability to braid. This book will strike a chord with DIYers who love yarn but don't always want to take the time and effort to knit something

from it. Projects also include a Sputnik lamp shade, a welcome mat, friendship bracelets, and even a rehabbed woven lawn chair. Put away your needles and crochet hooks and create fabulous projects, from accessories to home goods and more!
