The tattoo coloring pictures are outstanding and will be so much fun to colored. I'm not into tattoos myself, but love pictures of them. This book has some of the best I've seen. 4 of 4 people found the following review helpful. Good quality art By Artmoonster At the moment I opened this book I was really surprised with the high quality of the art work. If you are into tattooing, you can get very good ideas from this book. The quality of the paper is also very good as the art on it. Recommend it!! 0 of 0 people found the following review helpful. Really

like this coloring book. By LadyLoki Decently thick paper, beautiful images.

Packed with stunning illustrations, this unique coloring book celebrates the art of the tattoo. The tattoo designs all specially drawn for the book range from traditional motifs hearts, sailors, girls, skulls, roses to more elaborate compositions with a contemporary edge. A perfect gift book that will appeal to anyone who loves tattoo imagery or is looking for inspiration for their next piece of body art.

"Gritty yet arresting. This coloring book is a visual treat you won't want to give to the kids." - Print Magazine
