**Joseph J. Darowski : The Ages of the Avengers: Essays on the Earth's Mightiest Heroes in Changing Times** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ages of the Avengers: Essays on the Earth's Mightiest Heroes in Changing Times:

Comic book audience expectations have fluctuated dramatically through the years, and comic book creators have had to adapt to shifting reader concerns. One of Marvel Comic's most popular franchises for five decades, the Avengers have always been reflective of their times, having adapted to an evolving readership to remain relevant. This collection of fresh essays by popular culture scholars examines Avengers story lines such as the Korvac Saga, Civil War, and Secret Invasion, and scrutinizes key characters including the Black Panther and Hank Pym. Essays explore how real-world events such as the Cuban Missile Crisis, the Vietnam War, the end of the Cold War, and 9/11 influenced popular entertainment in America.

About the Author Joseph J. Darowski, a professor of English at Brigham Young University-Idaho, has published work on comic book superheroes such as the X-Men, Green Lantern, and Superman and is the author or co-editor of several books.
