Mary Taylor : The Art of Batik: Flowers and Landscapes before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Batik: Flowers and Landscapes:

The ancient art of batik is a method of decorating fabric that orginated in the Far East. By "painting" on cotton or silk with melted wax and dyeing the fabric repeatedly with cold-water dyes to build up a wide range of colours, beautiful designs can be created, from flowers to sophisticated landscapes as subtle as any painting. The author shows in a number of step-by-step pictures exactly how she creates her pictures and wall-hangings. Roses, poppies, magnolias,

seascapes, Scottish hills, French villages are all possible as themes.
