Art of making miniature millinery By tcp This book was decent, but I bought this book specifically for the hat of the boat on the cover. I was extremely disappointed that that hat was not in it. If I would have known that ahead of time, I would probably not have bought it. So the cover is a bit misleading. 0 of 1 people found the following review helpful. Wonderful By Martha Hope Truly beautiful book, has great pictures. Very easy to read and follow directions. I recommend to anyone wanting to design and construct hats for dolls..

This exceptional how-to book shows you the ins and outs of making fabulous hats for your antique and contemporary dolls including items for the popular 15-in fashion dolls such as Gene, Tyler, and Alex. We all know that fashion is about the accessories and a hat can make or break an outfit. Designer Timothy Alberts shows step-by-step how you can make stunning hats to accompany your dolls costumes, and includes four different hat patterns. In addition to the source guide, the authors also include an illustrated history of many different styles and how they are incorporated into todays fashions. This elegant book will be a favorite for modern and antique collectors alike. 225 color photos. 128 pages 8-1/2" x 11"
