**LoveBook : The Big Activity Book For Couples** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Big Activity Book For Couples:

I'm giving it four stars because the print on 10 of the pages was off- the words were too light to read, smudged and crooked on the pages. Some words were even cut off. 0 of 0 people

Grab a pen, your partner, and get ready for some fun! Chock-full of games, puzzles, quizzes and more, this nifty little book is sure to entertain both you and your partner! Some of the games will ask you to work together for a sense of accomplishment through bonding. Others will allow you to get to know your sweetheart a little better through questions and quizzes, and yet others will ask you to challenge each other to win rewards and the title of "Best Game-Player Ever!". (Okay, so we made that up. But really, you could call yourself that.) Best of all, this neat, handy-dandy block of paper and ink will cause you and your partner to get closer together through fun and laughter. Go ahead, give it a shot! We know you'll enjoy it!
