James Flanagan : The Big Book of Cigarette Lighters: Identification Values before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Big Book of Cigarette Lighters: Identification Values:

0 of 0 people found the following review helpful. Five Stars By 800mph Great info source. 9 of 12 people found the following review helpful. Save your money, find another book By C. Solomon Waste of time and money, there was almost no information, not a Zippo in sight, all odd ball lighters, no details just quickie price information including sections on matches, holders and other non-lighter items. We needed a price guide to lighters, and this was not it. The only thing big about it, well there was nothing big about it, as a matter of fact there was not a big value, or even a big book, much smaller than most price guides. 2 of 2 people found the following review helpful. Lighter ID By Peridot This book is useful for identification of some lighters. The values are out of date and need to be converted for 2008 prices. The photo images are clear and easy to use. It's a good reference book for lighter collectors or anyone

interested in tobacciana.

Cigarette lighter collectors, here it is! The Big Book of Cigarette Lighters is the reference that you have been waiting for. This all-new hardcover, full-color book contains hundreds of new photos not included in the Collector's Guide to Cigarette Lighters, Volumes I and II, all with full descriptions and values. There are numerous chapters detailing many timeless classics from a variety of styles, including Advertising, Art Deco, Novelty, Occupied Japan, and many more. This is a 'must have' book with something for everyone.
