**Directed by Leisure Arts : The Big Book of Paper Crafting: Great Uses for Your Scrapbooking Tools (Leisure Arts #15847)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Book of Paper Crafting: Great Uses for Your Scrapbooking Tools (Leisure Arts #15847):

0 of 0 people found the following review helpful. Good bookBy Michelle P.This is a good book. Unfortunately it wasn't quite what I was looking for. Still there are plenty of projects and it will be a valuable tool for those who are looking for ideas for scrapbooking.0 of 0 people found the following review helpful. Good Paper Craftng Book.By Sharon R. WilsonWell, it's not my favorite paper crafting book but it is still a good book with several good projects.2 of 2 people found the following review helpful. Two or three good ideasBy S. RocciA good beginners crafting book. I

was disappointed having been involved with crafts of various forms for many years. Some of the ideas are really good and that's why I kept the book. I liked the lapel pins with cards, something very pretty, relatively easy, a good gift or craft show item! Great gift bag ideas, for the holidays especially. I wish it had more ideas for the price, 19.95 seems pretty high for what you get, it's a slim book. I wouldn't order from this publisher or author again.

Get the most out of your scrapbooking tools with this handy how-to book of over 120 projects -- everything from cards, invitations, and gift bags to ornaments, gifts, rubber stamping, home decor, more. The ideas in this creative collection are endless!
