Elaine Clanton Harpine : The Christment Tree, Vol. 1, How to Make Christian Ornaments for Your Christmas Tree before purchasing it in order to gage whether or not it would be worth my time, and all praised The Christment Tree, Vol. 1, How to Make Christian Ornaments for Your Christmas Tree:

This how-to book tells how to make twenty-one different "Christment" tree ornaments celebrating the true meaning of Christmas (the life of Christ depicted in ornaments). With Christmas becoming increasingly commercialized, these easy-to-make beaded ornaments hearken back to its very beginnings. Clear and concise directions are included for the star in the East, a shepherd's crook, the manger and other appropriate symbols from the birth and life of Jesus,

Creating the Christments together as a family or church group is a fun Advent activity that also focuses on the spiritual aspect of the holiday. Each Christment is assigned a difficulty level, so that both children and experienced adults -- and everyone in between -- will find a craft project suited to their abilities. A supply list, bead counts, construction diagram and a photo of the finished product are provided for each Christment.
