Two days ago, I ordered this book via \$20.23 The Ultimate Cigar Book: 4th Edition

Perhaps because I am newer to Cuban cigar smoking, and also very much because I am traveling to my homeland Cuba in December. I was able to enjoy all the sections of this book. It covers everything from the history of cigars, to the history

of all the different brands. It also outlined each brand, it's Vitolas, and a review of a cigar in every brand. I highly recommend this book to anyone who would like to have this kind of information handy. It's in his fourth edition, and it is hard bound, with very good quality paper and binding. No matter if you need a Cuban cigars like me, or an old timer like many of you, this is a good read, and a good book to share with others with our interest. 0 of 1 people found the following review helpful. That being said it does not happen as often as I'd like. This book has given me an opportunity to fine tune my wish list. Reads like most cigar reviews so seems very informative. It's actually opened my eyes to everyday cigars I currently smoke. Things I hadn't payed any attention to and has improved my enjoyment overall.
